Dear Hiring Manager,

My name is Shawn Boudreau and I am interested in applying for the Jr Graphic Designer position at DRMG. I believe this position to be a wonderful opportunity to further refine my skill set and strongly believe I will be an asset to your company. Attached you will find my resume, portfolio and education transcript.

During my time at Niagara College I have obtained a diverse skill set and am confident I am up to the challenge of this position. I've maintained Honors Standing through all terms with a GPA ranging from 3.5 to 4.0 and have become proficient in multiple avenues of design including typography, logo design, package design and web design. Overall my accomplishments thus far more than meet the requirements for the position.

I am well versed in the Adobe Suite and am comfortable both on Mac and PC. My education has me well versed in print production and the standards associated. In addition, I have developed strong communication skills to work well with a team and, if required, to present concepts to clientele.

Most importantly I think the attitude of your company, with a focus on strong customer service, teamwork and having an enjoyable, fun work environment perfectly aligns with what I am looking for in the workplace.

I am open to an interview at your discretion and look forward to hearing back from you.

Sincerely,

Shawn Boudreau
